## About Us

Fringe Papo International is a born global enterprise having rich experience and expertise in agricultural field as well as international business. The name Fringe Papo, might look different but evolved during an international business project in university of Strathclyde, U.K. and comprises of first two letters of home countries of the students involved in the project.

We focus on export of agricultural and processed foods and sweeteners from India to across the globe. Though we are a relatively younger company but experience of our founders and team members is not limited.

We are based in New Delhi, India. Being in northern part of India, the location is strategically appropriate for sourcing of agricultural products as this is one of the leading food grains producing region in the country.

Our experienced and veteran professionals conduct thorough check for the quality parameters before sourcing produce and products. We approve sourcing on the basis of quality test reports of world's renowned laboratories like SGS, Geochem and Intertek. Our stringent quality check ensures best quality products to our esteemed customers.

Within the short span of existence, we have earned various certifications like ISO 22000:2005, Agricultural and Processed Food Products Export Development Authority (APEDA), Federation of Indian export organisations, Chamber of commerce, Halal and still counting.
